

John and Kris Perkins, and Hylton and Diane Haueter of Snowcrest Resort Services offer a new division to their company. Besides landscaping,

gardening and snow removal, they now offer you power sweeping service.

New Clean Up Service Offered By Local Residents

30 May 1985

Snowcrest Resort Services, known throughout Park City and Heber for their exceptional landscape designs, gardening maintenance and snow removal services, has added a new division to their company. A power sweeping division. This service is jointly owned by John and Kris Perkins and Hylton and

Diane Haueter.

Kris and Diane are quickly getting known throughout Wasatch and Summit counties as "The Street Cleaning Ladies." They do the majority of the selling and sweeping since John and Hylton are mainly involved in the other services Snowcrest provides. They already have provided their much needed service to many businesses throughout Heber and Park City and have sold a monthly service to Deer Valley Lodging.

The sweeping service provides business', private residences, and resorts with a very thorough sweeping service. Unlike the "air vac" which most sweeping companies offer, Snowcrest offers the best by using an American Lincoln Power Sweep-

ing machine, that picks up everything, including gravel and cinders left from the winter. Their service includes any hand-sweeping needed in hard to get areas, streets, walkways and parking lots.

They will contract for a one-time spring cleanup or on a monthly basis. Estimates gladly given, no job too large or small.

Their goal is to give "old fashioned service" and have built their business and reputation throughout Park City, Deer Valley and Heber by satisfying their customers with positive, friendly and thorough service.

If you are interested in cleaning up or maintaining your residence or place of business call for a free estimate - 654-2007.

The Heber City Cemetery bloomed with a multitude of floral offerings in honor of Memorial Day. This is a special time to bring families

together to remember past loved ones.

Derek Campbell Named As Academic All-American

American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Academic All-American Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the National

Secondary Education Council.

The Council selects Academic All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Derek Campbell is the son of Dennis and Sharron Campbell. The grandparents are Reed Campbell of Rigby, Idaho, and

Fred and Janice Dent of Heber, Utah.

The National Secondary Education Council announced today that Derek Campbell has been named an Academic All-American.

The NSEC has established the Academic All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Academic All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the NSEC. These are awards few students can ever hope to attain.
